

# Do You Know How...

Terry Wynne and Alain Kap (far right) proudly show their Achievement Program certificates.

## ...to measure your progress?

Open to all, **the NMRA Achievement Program** provides incentive to learn and master the many crafts and skills necessary in the hobby of model railroading. With the completion of each category, you will be issued a certificate acknowledging your achievement.

The AP requirements are a set of standards, but they can also serve as a set of guideposts for those who are new, near-new, and not-so-new to the hobby. Not because they lead to some sort of official pat-on-the-back, but because they are a source of ideas for projects that can help us learn to become better modellers.

**NMRA members have experience and expertise in all aspects of modelling, especially North American railroads.**

**As a member you can share that accumulated know-how.**

## sharing know-how
