The same rates of freight will apply on shipments to Pennsylvania Railroad Freight Station, Brooklyn, E. D., as on similar shipments to Pennsylvania Railroad Piers, New York City, but no shipments of Coal, or merchandise of an explosive, inflammable or other offensive character will be received for delivery at this station. Shippers, however, should always ascertain whether delivery at Brooklyn Station, for car load shipments, is preferable to consignees to lighterage from Jersey City to the nearest free lighterage point to their works.

* Freight must be prepaid.

NOTE A.—Car loads only.

NOTE B.—Less car loads only.

NOTE C.—Referring to the note just preceding the list of Iron and Steel articles, in the Official Classification, modifying Rule 7 B and C: The Elmira, Cortland & Northern R. R. decline to be governed by this note, but require that shipments of Iron and Steel be governed strictly by Rule 7 B and C, that is, the regular minimum charge of 4,000 pounds at first-class rate will be required instead of the special minimum of 1,000 pounds.

NOTE D.—Minimum charge to points on New York Central R. R. varies, but in no case will it be less than 50 cents.

NOTE E.—Car loads of 10,000 pounds and over.

NOTE F.—Applies only on shipments of 8,000 pounds and over. Less quantities will be receipted to Hazleton only.

NOTE G.—Subject to \$1.00 per car switching at Marion in addition to through rate.

NOTE H.—The minimum package rate to points on R. W. & O. R. R. will be the first-class rate. The maximum car load weight for the R. W. & O. R. R. is 25 tons. This line will not receive any cars loaded in excess of 50,000 pounds.

NOTE I.—No freight siding.

NOTE J.—Shipments in less than car loads will be subject to the following transfer charges in addition to through rates. On all freight (except Furniture and Household Goods) 5 cents per 100 pounds; on Furniture and Household Goods, 10 cents per 100 pounds. Minimum transfer charge 25 cents.

The articles of Iron and Steel Manufacture enumerated below, when shipped subject to the uniform bill of lading, in Car Loads, will be taken at the current 6th Class rates, and in less than Car Loads at the current 5th Class rates. When not shipped under the terms of the uniform bill of lading they will be charged 20 per cent. higher than the above named basis, subject to a minimum increase of one cent per 100 pounds.

The rates herein authorized will apply between all points on the Pennsylvania Railroad System, and from such points to all points on connecting lines to which through rates, governed by Official Classification, are published; but will not apply to points in Canada on or reached by Grand Trunk and Canadian Pacific Railways. This basis expires September 29, 1894.

All rates are governed by the rules and regulations of the classification in effect at time of shipment.

The Best Galvanized Iron

ought not to require specification, for a first-rate job of difficult work can't be done without it, and a first-rate job costs less with it than an honest attempt at a first-rate job without it.

Every first-rate metal worker probably knows that Apollo is true to gauge and flat and bendable.

It is of some little account that the top and bottom sheets of a bundle are cushioned against the bands; and so are delivered almost without blemish, just as the top and bottom sheets protect the inside sheets from the bands in other makes.

Apollo Best Bloom is the trade mark. It costs a little more in large quantities. This is the only reason that other galvanized iron is sold at all.

Pittsburgh Plate Glass Co.

CREIGHTON, PA.

MANUFACTURERS OF

POLISHED PLATE GLASS

Ground and Rough Plate Glass for Floors and Skylights,

THREE-SIXTEENTHS THICKNESS, MADE EXPRESSLY FOR FINE RESIDENCES.

Large and Wide Glass a Specialty.

The Largest Plates of Glass in the Cities of Chicago, Cleveland, Detroit, St. Paul, Syracuse, Pittsburgh, Philadelphia, Baltimore, and in many New York Buildings, were manufactured at our works.

IMMENSE PRODUCTION.

The combined production of our three factories is 500,000 square feet per month, the largest production of any factory in the world, which enables us to fill our orders promptly.

The high reputation and unprecedented large sale of glass made by this company since its organization is due entirely to its superior quality, NATURAL GAS alone being used throughout all our works as fuel.
